

BUSHEL

CONTAINS

Manganese (Mn): 150 g/l
Copper (Cu): 30 g/l

RATES OF USE

Marginal deficiency: 1.5 l/ha in 200 litres water.
Moderate deficiency: 3 l/ha in 200 litres water.
Severe deficiency: Apply at 3 l/ha initially and repeat every 3 - 4 weeks or if symptoms reappear.

TIMING

In many situations, Bushel should be applied as part of a planned husbandry programme in order to avoid any sub-clinical deficiency from compromising crop yields. Do not apply before the crop has 3 leaves, or when the crop is under stress due to drought, extremes of temperature or pesticide application.

Winter cereals

Apply in Autumn especially if sites have a history of copper and manganese deficiency.

At GS 21 - 25 (1 - 5 tillers)

Plus GS 30 - 31 (leaf sheath erect - 1st node detectable)

Plus GS 37 (flag leaf just visible)

Spring cereals

At GS 13 - 15 (3 - 5 leaves)

Plus GS 32 - 37 (2nd node detectable - flag leaf just visible).

Other crops which will benefit from treatment with Bushel include potatoes, sugar beet and top fruit.

Do not apply this product in very bright sunlight or in temperatures above 25°C.

If possible, spray in the evening or early morning for best results.

APPLICATION

Shake the container well before opening and use.

Spray equipment should be clean.

Half fill the spray tank with water, begin agitation and add the required quantity of Bushel. Rinse the container thoroughly, add the rinsings to the spray-tank, complete the filling and apply without delay. Maintain agitation throughout.

Clean sprayer thoroughly after use.

Guard 2000® can be added at 0.1 %v/v of water volume to improve spray retention and rainfastness.

COMPATIBILITY

Bushel is physically and chemically compatible with a wide range of agrochemical products.

Consult your supplier for the latest information. Up-to-date information is available at

www.headland-ag.co.uk. Always read the label of the partner product carefully before mixing with Bushel.

STORAGE

Protect from frost. Store above 5°C.

Keep in cool, well ventilated suitable store. Do not store in direct sunlight or near direct sources of heat. Keep out of reach of children.

Keep away from food, drink and animal feedstuffs.
